Best Tourism Villages by UNWTO

Terms and Conditions
1. **Introduction**

1.1 The World Tourism Organization (UNWTO) is the United Nations agency responsible for the promotion of responsible, sustainable and universally accessible tourism.

1.2 As the leading international organization in the field of tourism, UNWTO promotes tourism as a driver of economic growth, inclusive development and environmental sustainability and offers leadership and support to the sector in advancing knowledge and tourism policies worldwide.

1.3 Tourism is a lifeline for many rural communities and has a unique capacity to provide new opportunities to generate jobs, promote and protect natural and cultural resources as well as empower women and youth.

1.4 The major impact that COVID-19 is having on tourism (in 2020 international tourist arrivals (overnight visitors) plunged by 73% in 2020 over the previous year due to widespread travel restrictions and a massive drop in demand), represents both a challenge and an opportunity to advance the role of the sector in rural communities. Though true that less favoured communities are less prepared to manage the decline of tourism demand, travellers’ demand for new experiences around nature, local culture and products, as well as community engagement in the post COVID-19 context, offer immense opportunities for supporting rural communities, both in the short-term as they recover from the impact of COVID-19, and in the long-term to promote sustainable and inclusive growth.

1.5 UNWTO designated 2020 the Year of Tourism and Rural Development and, on the occasion of the 2020 World Tourism Day on this same theme it launched the ‘Recommendations on Tourism and Rural Development – A Guide to Making Tourism an Effective Tool for Rural Development’\(^2\). These aim to assist governments as well as the private sector and international community and outline the key steps necessary to fully harness the potential and resilience of tourism to drive inclusive and sustainable social and economic development in rural areas.

1.6 Also in 2020, under the Saudi Presidency of the G20, UNWTO and the G20 Tourism Working Group developed the ‘AlUla Framework for Inclusive

Community Development Through Tourism’\(^3\) aimed at promoting tourism as an effective tool of communities’ empowerment and sustainable future.

1.7 Following the 2020 UNWTO Year of Tourism for Rural Development, the ‘Recommendations on Tourism and Rural Development’ and the AlUla Framework, UNWTO is launching a new pilot project – the Best Tourism Villages by UNWTO Initiative. The Initiative is aimed at maximizing the role of tourism in:

1. Reducing regional inequalities in income and development
2. Fighting rural depopulation
3. Progressing gender equality and women’s and youth empowerment
4. Promoting rural transformation and strengthen traction capacity
5. Strengthening multi-level-governance, partnerships and the active involvement of communities (public-private-community collaboration)
6. Improving connectivity, infrastructure & access to finance and investment
7. Advancing innovation and digitalization
8. Innovating in product development and value chain integration
9. Promoting the relationship between sustainable, equitable and resilient food systems and tourism to preserve biodiversity, agrobiodiversity, cultural heritage and local gastronomy
10. Advancing the conservation of natural and cultural resources
11. Promoting sustainable practices for a more efficient use of resources and a reduction of emissions and waste
12. Enhancing education and skills development

2. What is the Best Tourism Villages by UNWTO Pilot Initiative

2.1 With the vision of making tourism a positive force for transformation, rural development and community wellbeing, the Best Tourism Villages by UNWTO pilot Initiative seeks to advance the role of tourism in valuing and safeguarding rural villages along with their associated landscapes, knowledge systems, biological and cultural diversity, local values and activities (agriculture, forestry, livestock and/or fisheries), including their gastronomy.

2.2 The initiative has three main components:

- The Best Tourism Villages by UNWTO Label, which aims to recognize a village which is an outstanding example of a rural tourism destination with recognized cultural and natural assets, that preserves and promotes rural and community based values, products and lifestyle and has a clear commitment to sustainability in all its aspects – economic, social and environmental – with the fundamental aim of making tourism one of the drivers of rural development and community well-being.

- The Best Tourism Villages by UNWTO Upgrade Programme, which will benefit a number of villages selected among those that do not fully meet the label criteria. These villages will receive support from UNWTO and Partners to improve elements of the areas identified as gaps in the evaluation process.

- The Best Tourism Villages by UNWTO Network, a space for exchanging experiences and good practices, learnings, and opportunities. The Network will also support the work of UNWTO in identifying good practices, developing guidelines and policy recommendations as well as insights and knowledge.

2.3 The Best Tourism Villages by UNWTO Pilot Initiative aims to award those villages which are an outstanding example of rural destination and showcase good practices in line with nine evaluation areas – see point 4. (Category 1). It also aims to support villages to enhance their rural tourism potential through training and access to opportunities for improvement (Category 2).

2.4 Villages selected to be included in both Categories will be part of the Network.
