1. **Introduction**

1.1 The UN Tourism – World Tourism Organization is the United Nations agency responsible for the promotion of responsible, sustainable and universally accessible tourism.

1.2 As the leading international organization in the field of tourism, UN Tourism promotes tourism as a driver of economic growth, inclusive development and environmental sustainability and offers leadership and support to the sector in advancing knowledge and tourism policies worldwide.

1.3 Tourism is a lifeline for many rural communities\(^1\) and has a unique capacity to provide new opportunities to generate jobs, promote and protect natural and cultural resources as well as empower women and youth.

1.4 The major impact that COVID-19 has had on tourism represented both a challenge and an opportunity to advance the role of the sector in rural communities. Though true that less favoured communities are less prepared to manage the decline of tourism demand, travellers’ demand for new experiences around nature, local culture and products, as well as community engagement in the post COVID-19 context, offer immense opportunities for supporting rural communities, both in the short-term as they recover from the impact of COVID-19, and in the long-term to promote sustainable and inclusive growth.

1.5 UN Tourism designated 2020 the Year of Tourism and Rural Development and, on the occasion of the 2020 World Tourism Day on this same theme it launched the ‘Recommendations on Tourism and Rural Development – A Guide to Making Tourism an Effective Tool for Rural Development’\(^2\) which were approved by the 24\(^{th}\) session of the UN Tourism General Assembly held on 30 November-3 December 2021 in Madrid, Spain (A/RES/732(XXIV)). These recommendations aim to assist governments as well as the private sector and international community and outline the key steps necessary to fully harness the potential and resilience of tourism to drive inclusive and sustainable social and economic development in rural areas.

1.6 Also in 2020, under the Saudi Presidency of the G20, UN Tourism and the G20 Tourism Working Group developed the ‘AlUla Framework for Inclusive

Community Development Through Tourism’

1.7 Following the 2020 UN Tourism Year of Tourism for Rural Development, the ‘Recommendations on Tourism and Rural Development’ and the AlUla Framework, UN Tourism launched in 2021 the pilot project – the Best Tourism Villages by UN Tourism initiative, which was endorsed by the 24th session of the UN Tourism General Assembly held on 30 November-3 December 2022 in Madrid, Spain (A/RES/732(XXIV)). The initiative is aimed at maximizing the role of tourism in:

1. Reducing regional inequalities in income and development
2. Fighting rural depopulation
3. Progressing gender equality and women’s and youth empowerment
4. Promoting rural transformation and strengthen traction capacity
5. Strengthening multi-level-governance, partnerships and the active involvement of communities (public-private-community collaboration)
6. Improving connectivity, infrastructure & access to finance and investment
7. Advancing innovation and digitalization
8. Innovating in product development and value chain integration
9. Promoting the relationship between sustainable, equitable, and resilient food systems and tourism to preserve biodiversity, agrobiodiversity, cultural heritage, and local gastronomy
10. Advancing the conservation of natural and cultural resources
11. Promoting sustainable practices for a more efficient use of resources and a reduction of emissions and waste
12. Enhancing education and skills development

2. **What is the Best Tourism Villages by UN Tourism Initiative?**

2.1 With the vision of making tourism a positive force for transformation, rural development and community wellbeing, the Best Tourism Villages by UN Tourism Initiative, part of the UN Tourism for Rural Development Programme, seeks to advance the role of tourism in valuing and safeguarding rural villages along with their associated landscapes, knowledge systems, biological and cultural diversity, local values and activities (agriculture, forestry, livestock and/or fisheries), including their gastronomy.

2.2 The initiative has three main components:

- The **Best Tourism Villages by UN Tourism**, which aims to recognize a village which is an outstanding example of a rural tourism destination with recognized cultural and natural assets, that preserves and promotes rural and community-based values, products and lifestyle and has a clear commitment to sustainability in all its aspects – economic, social and environmental – with the fundamental aim of making tourism one of the drivers of rural development and community well-being.

- The **Best Tourism Villages by UN Tourism Upgrade Programme**, which will benefit a number of villages selected among those that do not fully meet the initiative criteria. These villages will receive support from UN Tourism and Partners to improve elements of the areas identified as gaps in the evaluation process.

- The **Best Tourism Villages by UN Tourism Network**, a space for exchanging experiences and good practices, learnings, and opportunities. The Network will also support the work of UN Tourism in identifying good practices, developing guidelines and policy recommendations as well as insights and knowledge.

2.3 The Best Tourism Villages by UN Tourism initiative aims to recognize those villages which are outstanding examples of rural destinations and showcase good practices in line with nine evaluation areas – see point 4. It also aims to support those villages that do not fully meet the criteria to enhance their rural tourism potential through training and access to opportunities for improvement.

2.4 Villages recognized as Best Tourism Villages by UN Tourism and those selected to participate in the Upgrade Programme will be part of the Network.
